

Web Checks

Accept Online Payments, Today

With eCommerce booming, most businesses now offer their customers to pay invoices online. But many are finding that credit card payment option is associated with high interest rates. EFT Network's Web Checks allows you to easily accept and process online electronic check transactions directly from your web site.

Web Checks allows your customers to simply pay by electronic check, enter the requested bank and account information, and EFT Network does the rest. The interface can be designed to look like a traditional paper check, so that customers can easily identify the information they are required to enter.

Enter. Transmit. Process.

1. The customers account information is entered on an online form which resides on your company website. The system transmits the data securely to EFT Network using html commands.
2. This data is transmitted in real-time to our secure web site and processed by our high-speed web hosted system which is safely accessed from a standard web browser.
3. Using EFT Network's web based system, this information is used to create an electronic 'substitute' check payment.
4. The funds are processed through the ACH, electronically debited from the customers account and available in your bank account within 24 to 48 hours, alleviating a trip to the bank.

Key Features

- Complimentary use of our system without the need to purchase additional equipment
- 24/7 access to your account via our secure website
- Seamlessly upload detailed paid data file to your accounts receivable program
- User-friendly interface, requiring only internet access
- Transactions easily re-submitted for payment

Benefits, for YOU

- Easy-to-use online payment system that looks identical to a paper check
- Electronic checks are cleared within 48 hours before paper checks for faster funds availability
- Easily integrated with EFT Network's Automated Recurring Payments of NSF checks
- Reduce Bank transaction fees
- Receive faster advice of NSF returns in 3-5 days, versus 7, 10, or 14 days in paper form

Web Checks
