

# Overview of EFT Network's Services for Parking Violations Bureaus

Parking Violations Bureaus receive most of their payments by check, either by mail or in person, which can become a burden for their personnel. EFT Network simplifies the processing of these checks for you with our Accounts Receivable Conversion / Check 21 System. With Check 21 federal banking laws, the conversion of paper checks to Image Replacement Documents (IRD's), you have the ability to convert paper checks into electronic transactions. Through our complete line of image capture devices, and payment processing solutions, EFT Network helps you adjust to the Check 21 environment, while speeding the processing of funds for you.

## Flexible Payment Options

EFT Network's products and services are highly scalable and adaptable within all business environments via our secure state-of-the-art web hosted software network.

Our [ARC / Check 21 System](#) in conjunction with our [Image Replacement Document \(IRD\)](#) technology easily processes and deposits any type of paper check received via the U.S. mail or at payment locations, deposited as an electronic or Check 21 transaction, all through a single point entry system.

[Web Checks](#) enables drivers with the ability to initiate a payment transaction via your website.

[Telephone Checks](#) electronically debit a drivers bank account for your one time billing, instantly over the phone.

[Electronic Check Re-Presentation](#) electronically re-present any checks that are returned to you as Non-Sufficient Funds (NSF) to help save you time and money in the costly collection process as well as reducing bank re-deposit charges.

[Consolidated Returns](#) gives you the opportunity to develop significant savings to an individual, plus with the ability to immediately start working on return checks.

## Key Features

- Submit checks and transfer funds electronically
- Upload and import files to update your in-house accounts receivable system
- 24/7 access to retrieve check images via our website

## Benefits, for YOU

- Accelerate the processing of checks received
- Process any type of check electronically
- Simplify the payment process, while reducing operational costs
- Alleviate the overflow of paper checks
- Fully compliant with recently enacted Check 21 federal banking laws
- Recover all returned items as quickly and cost-effectively as possible
- Receive faster advice of NSF returns in 3-5 days, versus 7, 10, or 14 days in paper form
